# Science CPDF 2026-2027

Science Leaders V1.5 21.04.26

*many schools one family*

*St. Albert the Great, Patron Saint of Science and Scientists*

## Dear Science Leaders,

We are delighted to continue supporting you through our high-quality Continuous Professional Development and Formation (CPDF) programme, designed specifically for Science Leaders serving in our Catholic primary schools.

We recognise the immense demands placed upon you in leading science across your school. Our CPDF programme has been thoughtfully crafted to nurture your professional growth and personal formation, helping you flourish into the person God has called you to be. We believe that investing in your development will not only enrich your practice but will also inspire and positively impact the children, families, and colleagues you serve with such dedication.

This programme represents our commitment to you – to walk alongside you, to resource you well, and to support you in living out your vocation within Catholic education.

### Being inspection ready

We understand the pressures you face in meeting Ofsted requirements, which is why we're committed to helping you protect valuable time for professional learning that genuinely makes a difference. Our approach ensures every member of your team can develop and thrive in their role.

Everything we offer is carefully designed around what you've told us you need. After every session, we listen to your feedback and shape our provision accordingly, ensuring it remains relevant and responsive to the real challenges you're facing in your schools.

You'll be learning from practitioners who are experts in their field, and all our training is grounded in robust evidence and proven practice. Our leadership support and development groups go beyond theory – they provide structured opportunities for you to apply new approaches in your own context, embed effective practice, and share insights with fellow professionals from our network of over 150 schools across the country.

### Shaping Our Programme Together

Your insights and feedback are essential in developing our CPDF offering for the year ahead. We would welcome your input on:

- **Returning favourites** – if there's a speaker or facilitator you've valued in previous years who isn't currently featured, please let us know and we'll endeavour to invite them back.
- **New voices** – if you've encountered an exceptional speaker or facilitator, whether UK-based or international, we'd be delighted to receive their details and will make every effort to secure them for our programme.

## Enhancing Collaborative Practice

For Science Leaders working within MACs, MATs, CMATs or other collaborative partnerships, we recognise the value of connecting with colleagues who share your context.

We are happy to facilitate dedicated Science Leader partnership meetings immediately following our Support and Development Group sessions, providing a valuable opportunity for peer collaboration and shared learning. Simply contact us with your requirements, and we will work with you to arrange this.

## Our Vision

Our vision guides everything we do. We believe in it, review it, live it, and report it to our Management Board. This is our way of ensuring we deliver the very best for you and your school communities. Your feedback helps us refine this mission, so please do share your thoughts.

In the meantime, please use the hyperlinks in the brochure to book your CPDF sessions. We look forward to welcoming you and your teams.

With every blessing,

# Julie-Anne Tallon

*Stand with us as we lead in the world of science. Strengthen our commitment to truth, our dedication to ethical research, and our desire to use knowledge for the common good.*

*May our leadership reflect God's wisdom, our discoveries reveal His creativity, and our service bring hope to those we are called to help. Intercede for us, that we may always seek what is right and honour what is true.*
