With Ruth Swailes

Monday 17th November 2025

Session 1 of 2

Zoom

For: EYFS leaders and English leaders

Writing is a challenging and complex task that requires children to draw upon a wide range of different skills: it's no wonder it's one of the areas of the curriculum that is most challenging to teach.

In these 2 sessions, Ruth will share her knowledge of young children's physical and cognitive development and the latest research to provide delegates with the understanding they need to support young children's writing.

Ruth will share practical ideas that she has used herself, which can be taken back to the classroom immediately so that teachers feel empowered to give children the skills they need to become confident, competent writers.

History - linking together the histories we teach

With Stuart Tiffany (Mr T does history)

Wednesday 3rd June 2026

9:00am-12:00pm

Zoom

For: History leaders, class teachers with a passion for history, new history leaders for next year.

During this session, Stuart will focus on how the units taught in primary history can be connected cohesively through:

- Careful sequencing which enables children to think narratively across units, year groups and phases.
- Understanding how their existing knowledge-base can be built upon by exploring new examples which reinforce a similar aspect of the past conceptually.

Alongside this, Stuart will promote the importance of challenging children who show a strong understanding of the past.

Director's note:

A really great session for your history leaders. Sequencing is a key skill for historians and linking learning from year group to year group is central to what history leads do. Food for thought for your history leads.
